SUMMARY

Frontend Developer with nearly 3 years of experience building responsive and high-performance web applications using React.js, JavaScript, HTML5, CSS3, Bootstrap, and Tailwind CSS. Skilled in creating clean and user-friendly UI layouts. Experienced in component-based development, state management (Redux, Context API), and performance optimization. Proficient in Photoshop and familiar with Figma for basic UI design tasks. Strong focus on clean, reusable code, mobile-first design, and cross-browser compatibility.

EXPERIENCE

***Frontend Developer* – *VVendu Technology* (Mar 2025 – Present)**

- Developed responsive websites and web apps using React.js, Bootstrap, and JavaScript.
- Collaborated with designers to implement intuitive UI/UX layouts across all devices.
- Integrated APIs and implemented lazy loading to optimize performance.
- Built landing pages and feature modules for client projects using reusable components.
- Used Git for version control and maintained proper codebase documentation.

***Frontend Developer* – *ASPV Group of Companies* (Jul 2024 – Mar 2025)**

- Designed and deployed mobile-responsive user interfaces with HTML5, CSS3, and Bootstrap.
- Collaborated with marketing teams to align visual design with brand goals.
- Ensured cross-browser compatibility and pixel-perfect designs.
- Worked closely with backend team to connect RESTful APIs to frontend views.
- Contributed to 13+ affiliate websites in a fast-paced development environment.

***Frontend Developer* – *T.R.S. Forms & Services Pvt Ltd* (Aug 2022 – May 2024)**

- Collaborated with brand and marketing teams to effectively promote and maintain organization-specific websites.
- Developed responsive web layouts based on customer requirements using HTML5 and CSS3.

- Regularly reviewed website content and components to ensure accuracy, consistency, and full functionality.
- Implemented performance enhancements to improve website speed, responsiveness, and user experience.
- Created and executed automated test scripts to evaluate performance of desktop applications, web interfaces, and mobile platforms.

***Frontend Developer* – *Zak Exhibitions & Conferences Group (ZPRO, Chennai)**
*** (Aug 2022 – Aug 2023)**

- Built frontend interfaces using HTML, CSS, JavaScript, and jQuery.
- Customized web templates and implemented UI components.
- Used GitHub to manage version control and collaborate in a team.

SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript (basic)
